

Hi «first_name»

Quick question – are you happy with your internet provider?

If you're not, or are unsure, I challenge you to take this 2 minute test:

- 1) Write down the details of your current plan
Example-
Speed: 1.5
Data: 10 GB
- 2) Go to aaNet's website and enter your telephone number in the checker to see what services are available to you – www.aanet.com.au/sales.html
- 3) Click on the results, either ADSL2+ or ADSL1
- 4) Find your equivalent plan

I think you'll be pleasantly surprised by the result.

If you are - why not become an aaNet customer like me? I am happy with my service and enjoy the benefits of my aaNet broadband at an affordable price.

If you are interested give aaNet a call on **1300 665 076** or visit www.aanet.com.au for further details.

If you do choose to sign up for an aaNet service – don't forget to use my agent code, so I can receive a discount off my service for referring you. AGENT CODE «Agent_code»
